Amendment to Electricity Transmission Licence 4

TEC DESERT PTY LTD & TEC DESERT NO.2 PTY LTD (T/A SOUTHERN CROSS ENERGY PARTNERSHIP)

The Economic Regulation Authority has approved a request by Southern Cross Energy Partnership (**SCE**) to amend its Electricity Transmission Licence 4 (ETL4).

The amendment relocates SCE's transmission lines in the Midwest-Goldfields electricity licence area. The transmission lines relocation was required to allow expansion of mining activities in the previous licence area.

The amended licence is effective from 28 March 2012 under section 21 of the *Electricity Industry Act 2004*.

A copy of the [decision](#) and [amended licence ETL4](#) can be obtained from the Authority's website.
