Alinta Sales Pty Ltd

GAS AND ELECTRICITY STANDARD FORM CONTRACTS

The Economic Regulation Authority has [approved](#) replacement standard form contracts for the supply of electricity and gas to small use customers as submitted by Alinta Sales Pty Ltd.

The replacement standard form contracts reflect Alinta Sales Pty Ltd's new trading name, Alinta Energy, and no longer include provisions relating to unsolicited consumer agreements. Alinta Sales Pty Ltd removed the unsolicited consumer agreement provisions from both contracts as it does not provide either contract to customers unsolicited.

Under the Authority's *Public Consultation Guidelines for Electricity, Gas and Water Licences and Electricity & Gas Standard Form Contracts*, the Authority will not engage in public consultation on a minor amendment to a standard form contract. The Authority has reviewed the replacement standard form contracts and considers any amendments made to be minor. Therefore, no public consultation has been undertaken on the contracts.

Copies of the new Alinta Sales Pty Ltd standard form contracts are available on the Authority's [website](#).
