Newmont Power Pty Ltd

AMENDMENT OF ELECTRICITY DISTRIBUTION LICENCE EDL4

The Economic Regulation Authority has approved an amendment to Newmont Power Pty Ltd's (**Newmont**) electricity distribution licence EDL4.

The amendment is to remove the requirement for Newmont to comply with the *Electricity Industry Customer Transfer Code 2004* (**Transfer Code**) in the circumstances when there is only one retailer accessing the Newmont distribution system. Newmont also holds electricity retail licence ERL9 and is currently the only retailer accessing the distribution system.

Under section 11 and Schedule 1(k) of the *Electricity Industry Act 2004* (**Electricity Act**), the Authority may determine the terms and conditions applying to a licence, including requiring the licensee to observe specified codes.

The amended licence is effective from 16 August 2012 under section 21 of the Electricity Act and is valid up to and including 29 June 2021.

Copies of the Authority's [decision](#) and the amended [EDL4, version 4](#) are available on the Authority's website.
