Proposed Revised Access Arrangement for the Goldfields Gas Pipeline

EXTENSION OF TIME FOR GOLDFIELDS GAS PIPELINE ACCESS ARRANGEMENT REVISION PROPOSAL

The Economic Regulation Authority has extended the time for Goldfields Gas Transmission Pty Ltd (GGT) to submit revisions for the proposed revised access arrangement for the Goldfields Gas Pipeline (GGP) from 16 June 2014 to 15 August 2014.

Under rule 52(3) of the *National Gas Rules*, the Authority may extend the period for submitting an access arrangement revision proposal, but the period (or aggregate period) of extension cannot exceed 2 months.

BACKGROUND

On 30 May 2014, the Authority approved an election by GGT, not to treat the capacity from the expansion of the GGP as part of the covered pipeline for any purpose under the *National Third Party Access Code for Natural Gas Pipeline Systems* (the Code).

On 27 May 2014, GGT requested an extension to the date for submitting its access arrangement revisions proposal. GGT requested an extension as it had to defer work on aspects of the proposal, pending a determination from the Authority.

The Authority acknowledges that the timing of its determination has had an impact on GGT's ability to submit its access arrangement revision proposal. Therefore, the Authority approves GGT's request to extend the date for submission of proposed revisions to the GGP access arrangement to 15 August 2014.
