INFORMATION

Amendment to the REMCo Retail Market Rules

DECISION

The Economic Regulation Authority (**ERA**) has approved an amendment to the Retail Energy Market Company's (**REMCo**) Retail Market Rules, which are part of the Retail Market Scheme (**Scheme**), providing for the operation of the Western Australian Gas Retail Market.

Currently, the Retail Market Rules require that Shippers and Swing Service Providers secure pipeline capacity from Pipeline Operators in order to be listed on the REMCo Shipper Register.

REMCo submitted a Rule Change proposal (C01/14R) to the ERA for approval, which would allow Shippers and Swing Service Providers to be listed on the REMCo Shipper Register if they have purchased pipeline capacity from the secondary capacity market.

The ERA has approved the amendment to the Retail Market Rules, which will take effect on 28 November 2014.

The ERA's Decision Paper explaining the reasons for the approval is available on the ERA's [website](#).
