## Decision to amend Gas Distribution Licence 10

### ESPERANCE POWER STATION PTY LTD

The Economic Regulation Authority (**Authority**) has amended Gas Distribution Licence 10 (**GDL10**) held by Esperance Power Station Pty Ltd to correct a typographical error relating to an incorrect map reference number.

The amended GDL10, Version 8 is available on the Authority's [website](#).

The Authority made the decision in accordance with section 11W of the *Energy Coordination Act 1994 (Act)*. Section 11K(1) of the Act states that the Authority must not exercise a power conferred by Part 2A, Division 4 of the Act unless the Authority is satisfied that it would not be contrary to the public interest to do so. The Authority has not found any evidence that the amendments would be contrary to the public interest.

The Authority considered that the proposed amendment was minor and did not consult publicly in accordance with the Authority's Public Consultation Guidelines - For Electricity, Gas & Water Licences and Electricity & Gas Standard Form Contracts (July 2006).

As required by section 11T of the Act, the Authority will publish a notice of the amendment in the Government Gazette as soon as is practicable.
