Additional exemptions to Western Power's Technical Rules

Western Power has provided the Economic Regulation Authority with a list of [exemptions to Western Power's Technical Rules](#).

Western Power's Technical Rules set out the standard requirements for customer connections. Under certain circumstances, Western Power may exempt a customer from complying with one or more requirements of the Technical Rules.

When an exemption is made, Western Power is required under section 12.38 of the *Electricity Networks Access Code 2004* to notify the Authority and the Authority must place the notice on its [public register](#).
