In addition to the amendments associated with the Water Licence Review 2016, the operating area maps of the following licences have been updated:

- The Water Corporation's WL32 operating area maps for potable water supply, sewerage and drainage services have been consolidated into one map, OWR-OA-309.
- The operating area maps for Preston Valley Irrigation Cooperative's WL9, OWR-OA-193(C), and the Rottnest Island Authority's WL10, OWR-OA-189(C), have been updated to include non-potable water supply authorised by the respective licences.

The ERA considered these amendments minor and did not consult on these, in accordance with the ERA's *Public Consultation Guidelines – Electricity, Gas & Water Licences and Electricity & Gas Standard Form Contracts* (2016)<sup>1</sup>.
