This code is known as the Gas Marketing Code of Conduct (**code**).

The committee is required to carry out a review of the code every two years. The object of the review is to re-assess the suitability of the provisions of the code for the purposes of section 11ZPM(2) of the Act. The committee will begin its next review of the code in late 2016.

The appointment of the consumer representative organisations and industry representative organisations followed a call for expressions of interest.
