Dampier to Bunbury Natural Gas Pipeline

REFERENCE TARIFF VARIATION - 1 JANUARY 2017

The Economic Regulation Authority (ERA) has published an annual reference tariff variation for the Dampier to Bunbury Natural Gas Pipeline (DBNGP). The approved reference tariffs are 1.9 per cent higher than current reference tariffs.

The DBNGP access arrangement includes a requirement for the owner DBNGP (WA) Transmission Pty Limited (DBP) to produce an annual tariff variation notice for its gas pipeline. This notice enables its users to understand the basis of DBP's proposed tariffs and pricing policies for 2017.

The ERA has verified that DBP's reference tariff variation is in accordance with the tariff variation mechanism in the current access arrangement.

The variations in the reference tariffs are shown in the table below. DBP's letter to the ERA is available on our [website](#).
