23 December 2016

Approval of amendments to Rottnest Island Authority's standard form contract

The Economic Regulation Authority (ERA) has approved amendments to Rottnest Island Authority's standard form contract for the supply of electricity to small use customers.

In February 2016, Rottnest Island Authority (RIA) submitted an amended standard form contract for the ERA's approval. The ERA provided feedback to RIA on the proposed amendments, and in response to this feedback RIA submitted a revised contract in July 2016.

After further rounds of feedback, the ERA released the amended standard form contract for public consultation on 1 December 2016. No submissions were received.

Under the *Electricity Industry Act 2004* (Act), the ERA must not approve a standard form contract if it considers the contract does not meet the relevant regulations, the Act, any other written law, or any term, condition or provision of the electricity licence.

The ERA has considered RIA's amended standard form contract and is satisfied that the contract meets the requirements of the Act.

A copy of RIA's amended standard form contract is available on the ERA [website](#).
