Determination of values for Ancillary Service Margin Peak and Margin Off-Peak parameters for 2017-18

INVITATION FOR PUBLIC SUBMISSIONS

The Australian Energy Market Operator (AEMO) submitted a proposal to the Economic Regulation Authority (ERA) on the values of the Ancillary Service Margin Peak and Margin Off-Peak parameters, for the period from 1 July 2017 to 30 June 2018, under the *Wholesale Electricity Market Rules* (Market Rules).

The determined values are used in calculating the market settlement payment to Synergy for the provision of Spinning Reserve Ancillary Service in the Wholesale Electricity Market.

The ERA has prepared an issues paper to assist interested parties wishing to make submissions. The issues paper outlines the scope of the ERA's role under the Market Rules, and sets out the matters that must be taken into account when assessing AEMO's proposal against the criteria in the Market Rules. The issues paper is available on the ERA [website](#)

Submissions are due by **4:00pm (WST) on Monday, 6 February 2017** and should be marked to the attention of the Assistant Director Electricity.

CONFIDENTIALITY

In general, all submissions from interested parties will be treated as being in the public domain and placed on the Authority's website. Where an interested party wishes to make a submission in confidence, it should clearly indicate the parts of the submission for which confidentiality is claimed, and specify in reasonable detail the basis for the claim. Any claim of confidentiality will be dealt with in the same way as is provided for in section 55 of the Economic Regulation Authority Act 2003.

The publication of a submission on the Authority's website shall not be taken as indicating that the Authority has knowledge either actual or constructive of the contents of a particular submission and, in particular, whether the submission in whole or part contains information of a confidential nature and no duty of confidence will arise for the Authority.
