COMPUTER CODE REPOSITORY

The analysis in the Access Arrangement for the Dampier to Bunbury Natural Gas Pipeline has utilised computer code to produce estimates relating to various parameters in the weighted average cost of capital.

The Economic Regulation Authority computer code repository provides interested parties with access to computer code developed in relation to the cost of capital in the Access Arrangement.

The repository can be accessed via the following link:

<https://www.erawa.com.au/gas/gas-access/computer-code-repository>

This link contains further instructions for parties wishing to access computer code staged in the repository.
