

Agenda Item 6a: Concept Paper Overview

Below is a summary of the status of concept papers that are complete, currently being progressed by the IMO or planned to be initiated in the near future. Gaps in the number sequence indicate concept papers that the IMO has investigated, but subsequently discarded or progressed via the Rule Change Process.

Legend:

Shaded	Shaded rows indicate concept papers that have been completed since the last MAC meeting.
Unshaded	Unshaded rows are concept papers still being progressed.
Missing	Rows missing in the numerical sequence have either been completed or upon analysis the IMO has considered that the issue not be progressed at this stage.

#	Concept Paper	Status
9	Prudential Security Issues	A concept paper covering the issues identified and potential solutions is underway.
10	Curtailable Loads	A discussion paper on the issues around curtailable loads and potential solutions is underway.
11	Market Rules Evolution Plan (draft work programme)	The Draft Work Programme was discussed at the October MAC meeting.
12	Ability for Market Customers to make Bilateral Nominations	The concept paper developed jointly by the IMO and Synergy is on today's agenda
13	Information Transparency in the WEM	A presentation covering the issues identified by Pacific Hydro is on today's agenda
