

## Agenda Item 8a: Concept Paper Overview

Below is a summary of the status of concept papers that are complete, currently being progressed by the IMO or planned to be initiated in the near future. Gaps in the number sequence indicate concept papers that the IMO has investigated, but subsequently discarded or progressed via the Rule Change Process.

### Legend:

<b>Shaded</b>	Shaded rows indicate concept papers that have been completed since the last MAC meeting.
<b>Unshaded</b>	Unshaded rows are concept papers still being progressed.
<b>Missing</b>	Rows missing in the numerical sequence have either been completed or upon analysis the IMO has considered that the issue not be progressed at this stage.

#	Concept Paper	Status
9	<b>Prudential Security Issues</b>	A concept paper covering the issues identified and potential solutions is underway.
10	<b>Curtable Loads</b>	A discussion paper on the issues around curtable loads and potential solutions is underway.
12	<b>Ability for Market Customers to make Bilateral Nominations</b>	The concept paper developed jointly by the IMO and Synergy is on today's agenda
14	<b>Lack of transparency around dispatch and Balancing</b>	Raised at November 2009 MAC meeting. Not started.
