Submission

1. Please provide your views on the proposal, including any objections or suggested revisions

LGP supports this Rule Change proposal as it tidies the administration of Procedure Change proposals, is of a minor nature and is acceptable to the party most affected by it.

2. Please provide an assessment, whether the change will better facilitate the achievement of the Market Objectives

LGP agrees with the IMO's contention that the rule change is consistent with all the market objectives and enhances the integrity of the Market Rules.

3. Please indicate if the proposed change will have any implications for your organisation, (for example changes to your IT or business systems) and any costs involved

LGP would incur no organisational costs as a consequence of adopting the change.

4. Please indicate the time required for your organisation to implement the change, should it be accepted as proposed

LGP would be able to implement this Rule Change immediately.
