Submission

1. Please provide your views on the proposal, including any objections or suggested revisions

LGP supports this Rule Change proposal as it corrects a manifest error; Market Procedures are intended to at all times be fit for purpose, and therefore must be capable of upgrade and enforcement under the jurisdiction of the IMO.

2. Please provide an assessment, whether the change will better facilitate the achievement of the Market Objectives

LGP perceives the rules change to be consistent with all the market objectives and enhances the integrity of the Market Rules by correcting a manifest error.

3. Please indicate if the proposed change will have any implications for your organisation, (for example changes to your IT or business systems) and any costs involved

LGP would incur no organisational costs as a consequence of adopting the change.

4. Please indicate the time required for your organisation to implement the change, should it be accepted as proposed

LGP would be able to implement this Rule Change immediately.
