Subject: Re: RC2009_09 Consultation

Hi Fiona,

As you know I represent Barrick-Kanowna and had on their behalf, lodged our interest in being consulted on this matter.

Barrick, as a Stipulated Default Load Curtailable Load Provider, is directly affected and on realising the consequences of the rule change 2008_20 in terms of capacity refunds had brought this unintended error to the IMO's attention.

We appreciate that the IMO has acknowledged the manifest error and we are supportive of the proposed rule change. It is a consistent and sensible response which best addresses the error. We support the principle that a Curtailable Load which has not been requested by System Management to curtail its demand to its Stipulated Default Load, and so is operating normally in the market, should not be required to make Capacity Cost Refunds.

We look forward to its implementation on 30 Sept 2009.

Regards

Graham Mathieson
