| Date submitted: | 9 August 2010 |

Submission

1. Please provide your views on the proposal, including any objections or suggested revisions.

Synergy supports Rule Change Proposal RC_2009_27 and the additional amendments to the Market Rules proposed by the IMO in the Draft Rule Change Report which will enable a participant to seek, in advance, approval by System Management to deviate from its Resource Plan to conduct an Equipment Test.

2. Please provide an assessment whether the change will better facilitate the achievement of the Market Objectives.

Synergy agrees with the IMO that the proposed changes will better address Wholesale Market Objective (a).

3. Please indicate if the proposed change will have any implications for your organisation (for example changes to your IT or business systems) and any costs involved in implementing these changes.

Synergy would not require any changes to IT or business systems nor incur any organisational costs as a consequence of adopting the proposed change.

4. Please indicate the time required for your organisation to implement the change, should it be accepted as proposed.

Synergy would be able to implement this rule change immediately.
