Submission

1. Please provide your views on the proposal, including any objections or suggested revisions

LGP supports the Rule Change on the grounds that it the rules in question no longer apply and the Market Rules should be tidied to reduce their length and avoid confusion. We also support Fast Tracking this change as it is of minor consequence.

2. Please provide an assessment, whether the change will better facilitate the achievement of the Market Objectives

LGP perceives the changes to have no material impact on the Rules but are necessary for tidy administration.

3. Please indicate if the proposed change will have any implications for your organisation, (for example changes to your IT or business systems) and any costs involved

LGP would incur no organisational costs as a consequence of adopting the change.

4. Please indicate the time required for your organisation to implement the change, should it be accepted as proposed

LGP would be able to implement this Rule Change immediately.
