Date submitted:	1 July 2010

Submission

1. Please provide your views on the proposal, including any objections or suggested revisions.

Synergy supports Rule Change Proposal RC_2010_18, which acts to replace all references in the Market Rules to the "Energy Review Board" with "Electricity Review Board". This will align the terminology employed by the Market Rules with that in legislation; the National Gas Access (WA) Act 2009 renames the Western Australian Gas Review Board as the Western Australian Electricity Review Board.

2. Please provide an assessment whether the change will better facilitate the achievement of the Market Objectives.

Synergy agrees with the IMO that the proposed changes will improve the integrity of the Market Rules.

3. Please indicate if the proposed change will have any implications for your organisation (for example changes to your IT or business systems) and any costs involved in implementing these changes.

Synergy would not require any changes to IT or business systems, nor incur any organisational costs as a consequence of adopting the proposed change.

4. Please indicate the time required for your organisation to implement the change, should it be accepted as proposed.

Synergy would be able to implement this rule change immediately.
