Address:	PO Box 861 CLOVERDALE WA 6985
Date submitted:	14 November 2011

Submission

1. Please provide your views on the proposal, including any objections or suggested revisions

LGP supports the Rule Change Proposal on the grounds that it provides the flexibility required to thoroughly assess and consult on complex and important proposals. This will be especially important in respect of the procedures being developed for the new Balancing and Ancillary Services markets.

LGP supports use of the Fast Track process.

2. Please provide an assessment, whether the change will better facilitate the achievement of the Market Objectives

LGP supports the IMO's contention that the changes are consistent with the Market Objectives and facilitate more effective administration.

3. Please indicate if the proposed change will have any implications for your organisation, (for example changes to your IT or business systems) and any costs involved

LGP will be unaffected by the change.

4. Please indicate the time required for your organisation to implement the change, should it be accepted as proposed

Not applicable
