Incentives to Improve Availability of Scheduled Generators (RC_2013_09)

This notice of extension is given under clause 2.5.12 of the Market Rules.

Submitter: Allan Dawson, IMO

Date Submitted: 18 June 2013

Date of extension: 6 November 2013

In accordance with clause 2.5.10 of the Market Rules, the Independent Market Operator (IMO) has extended the timeframe for:

- publication of the Draft Rule Change Report, until **Thursday, 28 November 2013**; and
- the end of the second submission period, until **Thursday, 16 January 2014**,

for the Rule Change Proposal titled "Incentives to Improve Availability of Scheduled Generators" (RC_2013_09).

Dates for subsequent steps of the rule change process have been adjusted accordingly.

Reasons for the Extension

During the first submission period the IMO received a number of submissions suggesting changes to the proposed Amending Rules. The IMO has extended the period for the preparation of the Draft Rule Change Report to allow the IMO sufficient time to complete its assessment of the suggestions presented in these submissions.

The IMO has also extended the time period for the second submission period as this now occurs over the Christmas and New Year period.
