## Consultation on AGL Sales Pty Limited standard form contract

The Economic Regulation Authority (**ERA**) invites comments on AGL Sales Pty Limited's (**AGL**) proposed standard form contract for the supply of gas to small use customers.<sup>1</sup>

In January 2017, AGL applied for a trading licence to sell gas to customers in the coastal supply area of Western Australia stretching from Geraldton to Augusta. A summary of the [licence application](#) is on the ERA website.

Applicants must submit with their application a draft of the standard form contract under which they will supply customers.

Under the *Energy Coordination Act 1994*, the ERA must not approve a standard form contract if it considers the contract does not meet the requirements of the Act, the relevant regulations, any other written law, or any term, condition or provision of the gas trading licence.

Interested parties are invited to make submissions on the proposed [standard form contract](#) by **Friday, 12 May 2017**.
