Submission

1. Please provide your views on the proposal, including any objections or suggested revisions

Community Electricity supports the Rule Change Proposal on the grounds that when making assessments the IMO should be at liberty to make proper use of the highest quality fit for purpose information available to it. In this particular case, the IMO should not be compelled to utilise information of inferior quality. This rule change is necessary to maintain the integrity of the Market Rules.

2. Please provide an assessment, whether the change will better facilitate the achievement of the Market Objectives

Community considers that the Rule Changes are consistent with all the Market Objectives.

3. Please indicate if the proposed change will have any implications for your organisation, (for example changes to your IT or business systems) and any costs involved

The proposal has no implications for Community.

4. Please indicate the time required for your organisation to implement the change, should it be accepted as proposed
