Consultation on electricity generation licence application

WIND PORTFOLIO PTY LTD

The Economic Regulation Authority (**ERA**) is seeking public comment on an electricity generation licence application from Wind Portfolio Pty Ltd to generate electricity from the proposed Badgingarra Wind Farm (**Wind Farm**) in the Shire of Dandaragan, approximately 180 kilometres north of Perth.

The Wind Farm will have a generation capacity of 130 megawatts. Generators with a capacity over 30 megawatts require a licence.

A summary of the [licence application](#) is available on the ERA's website.

The grant of a licence is subject to the ERA being satisfied that it would not be contrary to the public interest to do so and that the applicant:

- has, and is likely to retain; or
- will acquire within a reasonable time after the grant, and is then likely to retain, the financial and technical resources to undertake the activities authorised by the licence.

The ERA invites interested parties to make public submissions on the licence application by 16:00 (WST) on 30 May 2017. Please send submissions to the ERA marked for the attention of the Assistant Director, Utilities Services Regulation:
