Consultation on electricity generation licence application

GREENOUGH RIVER SOLAR FARM PTY LTD

The Economic Regulation Authority (**ERA**) is seeking public comment on an electricity generation licence application from Greenough River Solar Farm Pty Ltd (**Solar Farm**) to generate electricity from photovoltaic arrays (solar panel system) in West Casuarinas, 50 kilometres south-east of Geraldton.

This is the second stage of the Solar Farm's generating works, which will expand its generation capacity from 10 megawatts to 40 megawatts. Generators with a capacity over 30 megawatts require a licence.

A summary of the [licence application](#) is available on the ERA website.

The grant of a licence is subject to the ERA being satisfied that it would not be contrary to the public interest to do so and that the applicant:

- has, and is likely to retain; or
- will acquire within a reasonable time after the grant, and is then likely to retain,

the financial and technical resources to undertake the activities authorised by the licence.

The ERA invites interested parties to make public submissions on the licence application by 16:00 (WST) on 8 June 2017. Please send submissions to the ERA marked for the attention of the Assistant Director Utility Services Regulation:

Email address: publicsubmissions@erawa.com.au

Postal address: PO Box 8469, PERTH BC WA 6849

Office address: Level 4, Albert Facey House, 469 Wellington Street, PERTH WA 6000
