ERA grants Badgingarra Wind Farm electricity licence

The Economic Regulation Authority (**ERA**) has granted an electricity generation licence to Wind Portfolio Ltd Pty for its proposed Badgingarra Wind Farm, 180 km north of Perth.

The windfarm once constructed will be made up of 37 turbine generators, each with a rated capacity of 3.6 megawatts, giving a total output of 130 megawatts.

It will connect to the South Western Interconnected System and is expected to export between 500 to 550 gigawatt hours of electricity per year.

All of the electricity generated will be sold to Alinta Sales Pty Ltd under a Power Purchase Agreement.

The ERA has granted the licence to Wind Portfolio Pty Ltd, a subsidiary of APA Group, for a period of 30 years starting on 23 June 2017.

The ERA's [decision](#) and details of licence [EGL26](#) are available on the ERA website.
