## Proposed Revisions to the Western Power Network Access Arrangement 2017/18 to 2021/22

### TIME EXTENDED FOR PUBLIC SUBMISSIONS

The Economic Regulation Authority (ERA) has extended the time for public submissions on Western Power's proposed revisions to its network access arrangement to Monday 11 December 2017.

The extension is made in response to a number of requests from interested parties seeking extra time to consider and respond to the information provided by Western Power in its submission to the ERA.

The ERA has determined that a time extension is necessary for interested parties to properly consider all matters, and it is also satisfied that it has taken all reasonable steps to fully utilise the time and processes available within Chapter 4 of the *Electricity Networks Access Code 2004* (Access Code).

The 15 business day extension has been provided pursuant to the requirements of sections 4.66(d) and 4.64 of the Access Code.

The ERA published [Western Power's proposed access arrangement revisions](#) on 6 October 2017 with an accompanying notice inviting public submissions, which were to be lodged by Monday 20 November 2017.

Interested parties are therefore advised that the revised deadline for submissions is 4:00pm (WST), Monday, 11 December 2017. Submissions should be made online at [www.erawa.com.au/consultation](http://www.erawa.com.au/consultation)
