Mid-West and South-West Gas Distribution Systems

REFERENCE TARIFF VARIATION - 1 JANUARY 2018

The Economic Regulation Authority (ERA) has published an annual reference tariff variation for the Mid-West and South-West Gas Distribution Systems. The approved reference tariffs are around 8 per cent lower for industrial/commercial customers and the average residential customer.

The Mid-West and South-West Gas Distribution Systems access arrangement includes a requirement for the owner, ATCO Gas Australia Pty Ltd (ATCO), to produce an annual tariff variation notice. This notice enables its users to understand the basis of the proposed tariff variation for 2018.

The ERA has verified that the proposed reference tariff variation is in accordance with the tariff variation mechanism in the current access arrangement.

A copy of ATCO's Tariff Variation Report and the revised reference tariffs applicable from 1 January 2018 are available on our [website](#).
