## Approval of amendments to Perth Energy Pty Ltd's standard form contract

### ELECTRICITY RETAIL LICENCE ERL10

The Economic Regulation Authority (**ERA**) has approved amendments to Perth Energy Pty Ltd's (**Perth Energy**) standard form contract for the supply of electricity to small use customers.<sup>1</sup>

In September 2016, Perth Energy submitted an amended standard form contract for the ERA's approval. The ERA provided feedback to Perth Energy on the proposed amendments, and in response to this feedback Perth Energy submitted a revised contract in May 2017.

After further consultation on the standard form contract, the ERA released it for public consultation on 24 November 2017. No submissions were received.

Under the *Electricity Industry Act 2004 (Act)*, the ERA must not approve a standard form contract if it considers the contract does not meet the relevant regulations, the Act, any other written law, or any term, condition or provision of the relevant electricity licence.

The ERA has considered Perth Energy's amended standard form contract and decided that the contract meets the requirements of the Act.

A copy of Perth Energy's amended standard form contract is available on the ERA [website](#).
