4. Which business or occupational licence(s) do you hold or are you affected by?

The regulation of local government with regard to receiving & issuing grants may be worth reviewing. Not sure if this is within your criteria

5. How do these business or occupational licences affect you and what suggestions do you have to improve them?

6. Are there aspects of the business and occupational licensing arrangements that affect you that are working well?

7. Do you have any other comments?

At the present time I don't have any problems BUT I'm always wary when governments or businesses wish to alter the rules, and I would like to know where the push is coming from.
