Registered painters 1381

5. How do these business or occupational licences affect you and what suggestions do you have to improve them?

The present system of Registration is of no use, with more Unregistered painters working and paying no Fees

Than there has ever Been, This is very unfair to those painters who choose to abide by the rules and are concerned about standards of workmanship,

If the Wa government thinks that the painting requires to be Licenced Then why not all trades that work in the Building and construction like (Plasterers Bricklayers Gyprock fixers Concrete workers Wall Tilers Roof Tilers etc and some times all work on the same Project Seems Very unfair to me

6. Are there aspects of the business and occupational licensing arrangements that affect you that are working well?

I do not think that this Licensing body is working for any one .And is Very Unfair that some Have to pay and others dont pay a Cent

7. Do you have any other comments?

It would be a lot fairer if there No registration/Licence that the HOTPOTCH ONE we now have .
