[REDACTED]

3. Please indicate who you represent:

Business or occupational licence holder

4. Which business or occupational licence(s) do you hold or are you affected by?

Producer's Licence (wine and beer)

5. How do these business or occupational licences affect you and what suggestions do you have to improve them?

Production and sale of alcohol (wine and beer) on premise and via distribution channels. Current changes have benefited on premise with allowing us to offer alternatives to wine ie our craft brewed beer.

6. Are there aspects of the business and occupational licensing arrangements that affect you that are working well?

Yes, variety in on premise alcohol choices.

7. Do you have any other comments?

I would like to see the addition to the Producer's Licence such that we can have cellar experiences in other locations, ie nearby towns, cities, either as individual producers or as cooperative with other producers. This allows us to take our product to markets as opposed to markets needing to find our cellar doors.
