1 ABOUT THIS CONTRACT

This contract is between Simply Energy ABN 67 269 241 237 who sells gas to you at your *supply address* (in this contract referred to as “we”, “our” or “us”); and you, the customer to whom this contract applies and who agrees to pay us for that gas (in this contract referred to as “you” or “your”).

If we’re your retailer for more than one *supply address*, then you have a separate contract with us for each *supply address*.

In this contract, we’ve *italicised* terms that are defined in clause 21.

2 DOES THIS CONTRACT APPLY TO YOU?

This contract applies to *small customers*.

Whether you’re a *small customer* is determined under the *relevant regulations*. Currently, you’re a *small customer* if you use less than 1 terajoule of gas per year. This means that there are additional regulatory protections that will apply to you.

3 SUPPLY OF GAS

We agree to sell gas to you at your *supply address* and you agree to purchase gas from us on the terms and conditions set out in this contract. The quantity of gas supplied by us to you will be the amount measured by the *meter* at your *supply address*.

4 WHAT IS THE TERM OF THIS CONTRACT?

4.1 When does this contract start and end?

- (a) This contract starts on the *acceptance date* and continues for 1 year, unless it is ended earlier by you or us under clause 15.
- (b) If this contract hasn’t ended before the end of the 1 year period referred to in clause 4.1(a), then it will automatically continue for a further 1 year period. This automatic renewal occurs each year until we or you end this contract under clause 15.
- (c) We will start selling you gas (and you must start paying for that gas) on the *supply start date*, which is either:

- (i) the date your *supply address* is transferred to us (see clause 4.2 for more information) and you start taking supply of gas at your *supply address*;
- (ii) the *date your supply address* is connected to the *distribution system* (see clause 4.3 for more information) and you start taking supply of gas at your *supply address*;
- (iii) the date you start taking supply of gas at your *supply address* where we are deemed by law to be your retailer and you have not entered any non-standard agreement with us; or
- (iv) another date we agree with you.

4.2 Transfer of existing connections

- (a) This clause 4.2 applies if we're not currently the retailer for your *supply address* and you request us to arrange for your *supply address* to be transferred from your current retailer to us.
- (b) If you request (in person, by telephone or in writing) that we arrange for your *supply address* to be connected to the *distribution system*, we will use our best endeavours to arrange for the *distributor* to connect your *supply address* on a day agreed with you, or if we don't agree a day with you, within 1 *business day* (if you made the request by 3pm on the previous *business day*), as long as:
 - (i) there is adequate gas supply available at the required volume and pressure at the boundary of your *supply address*;
 - (ii) your *equipment* and the *gas supply equipment* at your *supply address* complies with the *relevant regulations*; and
 - (iii) the *meter* at your *supply address* is available for use by us where necessary.
- (c) For a transfer to take place under this clause you'll also have to:
 - (i) enter into this contract and provide acceptable identification as required by us;
 - (ii) agree to pay us all relevant fees and charges;
 - (iii) provide us with contact details for billing purposes;

- (iv) if you're renting the *supply address*, provide us with the contact details of the property owner or the owner's agent;
 - (v) if we ask you to, satisfy us that necessary safe, convenient and unhindered access to the *supply address*, the *meter* (and other *gas supply equipment*) and *your equipment* is available;
 - (vi) if we ask you to, provide us with information on the number and types of appliances installed, the number of household occupants and the anticipated usage of appliances;
 - (vii) if we ask you to, provide us with *security* or enter into a payment arrangement with us (see clause 10 for more information); and
 - (viii) not have an outstanding debt relating to the supply of natural gas or any other form of gas supplied by us to you at a previous *supply address* (other than a debt that is the subject of a dispute, or for which you've made repayment arrangements).
- (d) The *distributor* will connect the *supply address* only in accordance with the *relevant regulations*.

4.3 New connections

- (a) This clause 4.3 applies if you request us to arrange for your *supply address* to be connected to the *distribution system* and a new connection is required.
- (b) If you request (in person, by telephone or in writing) that we arrange for your *supply address* to be connected to the *distribution system*, we will use our best endeavours to arrange for the *distributor* to connect your *supply address* on a day agreed with you, or if we don't agree a day with you, within 20 *business days*, as long as:
 - (i) there is adequate gas supply available at the required volume and pressure at the boundary of your *supply address*; and
 - (ii) *your equipment* and the *gas supply equipment* at your *supply address* complies with the *relevant regulations*.

- (c) For the new connection to take place under this clause you'll also have to:
 - (i) do all the things listed in clause 4.2(c) (but for the things in clause 4.2(c)(v), (vi) and (vii), only if requested by us);
 - (ii) if we ask you to, provide us with the notice of installation or completion of work on *your equipment* from a gas installer; and
 - (iii) if we ask you to, provide us with information about how much gas you estimate you'll use at the *supply address*.
- (d) The *distributor* will connect the *supply address* only in accordance with the *relevant regulations*.

5. CHARGES AND FEES

You must pay us the *charges* under this contract. This clause explains what *charges* you may incur.

5.1 Supply charge

- (a) You must pay us the *supply charge* for gas we supply to you. The *supply charge* is published on our website.
- (b) The *supply charge* is made up of two components:
 - (i) a fixed daily component that is charged regardless of how much gas you use; and
 - (ii) a usage component that is based on how much gas you use.
- (c) There are two types of *supply charge*: the residential *supply charge* and the business supply charge.
 - (i) You are eligible for the residential *supply charge* if your *supply address* is a "dwelling" (a house, flat, home unit or other place of residence) and you use your gas only for a residential use, or if your *supply address* is not a dwelling, but it is separately metered and you use your gas solely for a residential use.
 - (ii) You must tell us if you are no longer eligible for the residential *supply charge* because you are no longer using gas solely for a residential use at your *supply address*. If you don't give us reasonable

notice of this change, we can backdate the business *supply charge* to the start of the non-residential use (up to a maximum of 12 months).

- (iii) A business *supply charge* will be payable for a *supply address* if the gas is used for commercial or business purposes.
- (d) The *supply charge* is no more than the maximum amount permitted by the Energy Coordination (Gas Tariffs) Regulations 2000 (WA).

5.2 Other Fees

You may also be required to pay one or more of the following other fees and charges:

- (a) amounts that the *distributor* charges us for services provided at your *supply address* which aren't already included in the *supply charge* (for example, connection and disconnection fees and *meter* reading fees);
- (b) any taxes (including *GST*), duties, imposts, levies, regulated charges, costs, fees and charges that we have to pay (directly or indirectly) when we sell and supply gas and other goods and services to you;
- (c) credit card payment fees for paying your bill by Mastercard, Visa or other payment methods where we incur a merchant services fee;
- (d) late payment fees to compensate us for our costs and losses if you pay your bill after the due date;
- (e) an account establishment fee for establishing your account with us;
- (f) payment processing fees for paying your bill over the counter in person or via Post Billpay;
- (g) paper bill fees for us issuing you with bills in the mail;
- (h) costs we incur for arranging network and connection services for you;
- (i) reasonable costs we incur if you breach this contract or any of the *relevant regulations* (except where those costs are already recovered through other charges or fees, such as the late payment fee); and
- (j) other fees and charges referred to in this contract (for example, a fee for reading your *meter* after you deny us access to the *meter* – see clause 6.3(d)).

5.3 Notice of charges

- (a) We will give notice of the *charges* payable under this contract in the Government Gazette, newspaper, a notice to you, or as agreed with the Economic Regulation Authority. We may also publish the *charges* on our website.
- (b) You can also ask us to send you a copy of the *charges* (at no cost to you).
- (c) All *charges* identified in clauses 5.1 and 5.2 that apply to you will be itemised on your bill. For an explanation of the *charges*, please visit our website or call us.

5.4 Changes to *charges*

- (a) We can vary the *charges* at any time by notice in the Government Gazette, newspaper public notices, a notice to you, or as agreed with the Economic Regulation Authority. We may also publish the changes to *charges* on our website.
- (b) If a variation to the *charges* affects you, we will also give you a notice as soon as practicable after the variation is gazetted or published, and in any event no later than your next bill. The notice of the variation may be included on your bill.
- (c) If the *charges* that apply to you change during a *billing cycle*, we will calculate your bill for that *billing cycle* on a proportionate basis.

5.5 GST

You must pay any *GST* which is payable on any supply which is made under this contract.

6 CALCULATING YOUR GAS USAGE

6.1 Calculating your gas usage

The usage component of the *supply charge* (see clause 5.1(b)(ii) above for more information) will be based on how much gas you use during the relevant *billing cycle*. This will be determined using information obtained from reading the *meter* (see clause 6.2 for more information) or otherwise in accordance with the *relevant regulations*, such as by estimating your usage (see clause 6.3 for more information).

6.2 Reading your meter

- (a) We will use our best endeavours to obtain metering data as frequently as required to prepare your bills. In any event, we will use best endeavours to ensure that the *distributor* reads your *meter* at least once every 12 months.
- (b) If we ask you, you can agree to read the *meter* yourself and provide the results to us, in which case, we will bill you on the basis of your *meter* readings (subject to Clause 6.3 (c) of these terms).

6.3 Estimating your usage

- (a) We can provide you with a bill based on estimated usage if:
 - (i) access to the *meter* is denied due to your action or that of a third party, or due to weather conditions, an industrial dispute or other reasons beyond our control;
 - (ii) you are leaving the *supply address* and need a final bill immediately;
 - (iii) access to your *meter* is denied for safety reasons;
 - (iv) the *meter* or ancillary equipment has recorded usage incorrectly;
 - (v) the *meter* has been tampered with or bypassed; or
 - (vi) you are moving in to your *supply address* and no *meter* reading was carried out on the day the previous customer left the *supply address*. In this case we will estimate the amount of gas used by you and the previous customer and try to fairly allocate the charges between you.
- (b) If we need to base your bill on estimated usage, we can do so based on:
 - (i) your reading of the *meter*;
 - (ii) your prior billing history with us;
 - (iii) if we don't have your prior billing history, then we can use:
 - (A) the average usage of gas at the *supply charge* that applies to you;

- (B) the average usage for your type of *meter*; or
 - (C) the average usage at your *supply address*.
- (c) If we provide you with a bill based on estimated usage and we are later able to read your *meter*, then we will adjust the estimated bill in accordance with the *meter* reading, unless:
- (i) the estimated bill was used to finalise your account; or
 - (ii) we accepted your reading as the *meter* reading to base the bill on and the subsequent reading shows an error in your favour.
- (d) If we provide you with a bill based on estimated usage because you denied us access to your *meter*, and you subsequently request that we replace an estimated bill with a bill based on a reading of your *meter*, then we will do so as long as you allow us access to the *meter* and pay any reasonable charge we request.

7 BILLING

7.1 General

- (a) We will send a bill to you as soon as possible after the end of each *billing cycle*. We will send the bill:
- (i) to you at the address (mail or email) nominated by you; or
 - (ii) to a person authorised in writing by you to act on your behalf at the address specified by you.

If you don't choose an address or we can't contact you at that address (eg if your bill is returned to us), we may send the bill to your *supply address* and you will be deemed to have received it.

- (b) We will bill you no more than once a month and at least once every 105 days, unless you have agreed to a longer *billing cycle*.
- (c) We may change the length of your *billing cycle* by notice to you, but we will not change it to less than 1 month without your consent or in accordance with the *relevant regulations*.

7.2 Information your bill will include

- (a) Your bill will show your gas usage in units, which are calculated by multiplying the heating value (the amount of energy in the gas) by the volume of gas you used, and further multiplied by a pressure correction factor. If applicable, we can calculate your consumption through the measurement of gas from a master meter and utilise other measurement devices to determine your individual usage.
- (b) Your bill will separately itemise the charges, including the fixed component and the usage component of the *supply charge* (see clause 5.1(b) above for more information) and any charges related to the supply of gas such as connection fees.
- (c) The following information will be included on your bill:
 - (i) your name and account number;
 - (ii) your *supply address* and any relevant mailing address;
 - (iii) the amount due;
 - (iv) the due date;
 - (v) the dates of your previous and current *meter* readings or estimates;
 - (vi) the values of your previous and current *meter* readings or estimates;
 - (vii) consumption or estimated consumption;
 - (viii) the number of days covered by the bill;
 - (ix) your *charges* (specifying the relevant *supply charges*);
 - (x) your *meter* or property number;
 - (xi) a summary of the payment methods and instalment payment options available;
 - (xii) the telephone number for billing and payment enquiries;
 - (xiii) a 24 hour contact telephone number for faults and emergencies;
 - (xiv) the amount of arrears or credit;
 - (xv) the amount of any other charge and details of the service provided;
 - (xvi) a statement that a late payment fee may apply for payments after the due date;
 - (xvii) the average daily consumption and cost;

- (xviii) details of any *security* you've provided under clause 10;
 - (xix) if you're a *residential customer*, a reference to any concessions available to you from us and any Government concessions that may be available;
 - (xx) the availability of a *meter* accuracy test if you pay a testing charge, which will be refunded if the *meter* is found to be outside the margin of error;
 - (xxi) the availability of interpreter services; and
 - (xxii) a telephone number to contact if you are experiencing financial difficulties.
- (d) If we provide you with other goods and services, then unless agreed otherwise with you, we will include the charges for those goods and services as separate items on your bill. We will apply any payment received from you as directed by you, or if you don't give us any direction:
- (i) to the amount due for your gas use before applying it to the additional goods and services; or
 - (ii) if the goods or services include electricity, to the amount due for your gas use and electricity use in equal proportion before applying it to any other additional goods and services.

8 PAYING YOUR BILL & FINANCIAL HARDSHIP

8.1 Paying your bill

- (a) You must pay the total amount payable for each bill by the due date specified in that bill. The due date will be at least 13 *business days* from the date of the bill.
- (b) You can pay your bill in full using a range of options, including:
 - (i) over the counter in person at a third party retailer or outlet specified on your bill;
 - (ii) by mail; or

unable to arrange payment using any of the methods on your bill.

8.2 If you are having trouble paying

- (a) If you are having trouble paying your bill, you should let us know as soon as possible.
- (b) If you are a *residential customer* and have told us that you are having difficulty paying your bill then we will offer you:
 - (i) additional time to pay a bill;
 - (ii) instalment plan options;
 - (iii) the right to have a bill redirected to a third party;
 - (iv) information about, and referral to, Government assistance programs; and
 - (v) information on independent financial counselling services.

We can also choose to offer you other arrangements which give you time to pay your bill.

- (c) If you have had 2 instalment plans cancelled in the last 12 months due to non-payment, then we will not offer you an instalment plan unless we're satisfied that you'll comply with the plan.
- (d) We may also offer you other options in accordance with *relevant regulations* and our Hardship Policy. For more information about our policy on payment hardship, please see our Hardship Policy on our website.

8.3 If you don't pay your bill

 - (vi) subject to the *relevant regulations*, ask a debt collection agency to obtain payment from you; or

- (vii) rely on other rights we have under this contract.
- (b) If you are a *business customer*, we may also charge you interest on any overdue amounts. However, we will only do so if we haven't charged you a late fee or if the late fee doesn't fully compensate us for our costs and losses from your failure to pay.
- (c) We will not commence legal proceedings for the recovery of an amount you owe us if you are a *residential customer* and:
 - (i) you have entered into a payment arrangement with us and you are complying with the terms of that arrangement; or
 - (ii) you have informed us that you are experiencing payment difficulties or financial hardship and if we have assessed that you are we have offered you assistance (see clause 8.2 for more information).

9 REVIEWING YOUR BILL

9.1 Reviewing your bill

- (a) If you disagree with the amount you have been charged, you can ask us to review your bill in accordance with our standard complaints and dispute resolution procedures (see clause 17 for more information). In the meantime, we may require you to pay the bill (or some of it), which will be no more than:
 - (i) the portion of the bill that you aren't disputing; or
 - (ii) an amount equal to the average of your bills in the last 12 months, not including the disputed bill, (whichever is less).
- (b) You can ask to have your *meter* or *meter* data tested as part of a review or at any other time. You may have to pay the cost of the test in advance. If the test finds that the *meter* or *meter* data is faulty and you've paid in advance, we'll refund any amount you've paid for the test. If the test finds that the *meter* and *meter* data is not faulty and you haven't paid for the test in advance, we may require you to

pay for the cost of the *meter* test.

- (c) If the review of your bill finds that the bill is correct, then you will be required to pay the unpaid amount. If the review finds that the bill is incorrect, we'll adjust the bill for any undercharge or overcharge (see clause 9.2 for more information on how we do this).

9.2 Overcharging and undercharging

- (a) If you are overcharged, we'll let you know and refund you the overcharged amount (without interest) in accordance with the *relevant regulations*. If we are required to pay refund you an overcharged amount, you can choose whether we make the refund as a credit to your account or a payment directly to you (except where the amount of the refund is less than \$100, in which case we will automatically credit the amount to your account).
- (b) If you are undercharged (which includes if you are not charged at all), we may recover from you some or all of the amount owed to us. We'll let you pay us over a period matching how long we undercharged you. If the undercharge is a result of our error, the amount we can recover is capped at the amount undercharged over the 12 months up until the date we told you about the undercharge. The correcting payment will be shown as a separate item on your bill with an explanation.
- (c) If we have undercharged you as a result of fraud by you or use of gas otherwise than in accordance with this contract, we may take action against you.

10 SECURITY

10.1 When we may require *security*

We can require you to provide us with *security* from time to time. We will only require *security* if:

- (a) you are on a tariff that requires *security* from all customers on that tariff;
- (b) you have an outstanding debt from a previous

- supply address* and have refused to make an arrangement to pay it;
- (c) you are a new customer and have refused to provide acceptable identification;

- (a) If we ask you to provide *security*, the amount will be no more than:
 - (i) 1.5 times the average bill if you are on a quarterly *billing cycle*; or

- (b) To work out the average bill we can either use your billing history or the consumption of similar customers or business types.

10.3 Holding *security*

- (a) We will pay interest on *security* you provide to us at the *bank bill* rate. That interest will accrue daily and will be capitalised every 90 days unless paid.
- (b) If we ask you for *security*, we will keep that *security* in a separate trust account, and it will be separately identified in our accounting records.

10.4 When can we use your *security*?

- (a) We can use your *security* (and any interest accrued on it) to offset any amount you owe to us if:
 - (i) you fail to pay a bill, resulting in the disconnection of your *supply address*;
 - (ii) you fail to pay a final bill;
 - (iii) you fail to pay a bill and you agree that

11.2 Access to *supply address*

- (a) You must give us and other relevant people (including your *distributor* and any *meter service provider*) safe, convenient, easy and unrestricted access to the *supply address*, your *equipment*, the *gas supply equipment*, the *distribution system* and the *meter* at your *supply address* including to read the *meter*, to inspect or work on your *equipment* or the *gas supply equipment* or for any other reason relating to the supply of gas at your *supply address*.
- (b) If we or your *distributor* intend to undertake inspections, repairs, testing or maintenance of the *distribution system* at your *supply address*, we or the *distributor* (as relevant) will give you notice of this, unless it is an emergency, you're suspected of using gas illegally, or for routine

- meter* replacements. Unless you agree to a shorter notice period, the notice given will be:
- (i) 4 days for planned maintenance at your *supply address* or on the *distribution system*, or such longer period specified by the *relevant regulations*; or

11.3 Meters and other infrastructure

- (a) We or your *distributor* will provide, install and maintain equipment for the supply of gas to your *supply address*, including the *meter* and any necessary ancillary equipment, which will be installed at a location at your *supply address* which is suitable to us, but taking into account your wishes if you tell us your preference.
- (b) You must:
- (i) take reasonable steps to limit any loss or damage you suffer in connection with this contract;

 - (d) You are responsible for keeping *your equipment* in good working order and condition.
 - (e) You agree to allow us to give the *distributor* your details.
 - (f) Although we are separate companies, we may ask the *distributor* to do things for us (such as turn on your gas supply or read your *meter*). We may ask the *distributor* to do things that this contract says we can do (eg in relation to the disconnection or reconnection of supply and the *gas supply equipment*).

12 YOUR DISTRIBUTOR, YOUR GAS SUPPLY AND SUPPLY INTERRUPTIONS

12.1 Your *distributor*

- (a) Your *distributor* is responsible for the connection between the *distribution system* and your *supply address* and for the physical supply of gas to your *supply address*, including the quality and reliability of the gas supplied.
- (b) You must cooperate with any reasonable requests your *distributor* makes of you.

12.2 Our limited role

We are a gas retailer and do not control the physical supply of gas. We can ask your *distributor* to connect your *supply address* to the *distribution system*, which we will do at your request. We will also arrange for your *distributor* to physically supply gas to your *supply address*. Except to that extent or as otherwise provided by law, we cannot control the way in which the *distributor* operates the *distribution system*, and we are not liable to you for ensuring the physical supply of gas or the safety, quality, continuity, reliability or pressure of that supply.

12.3 Your gas supply

Gas supplied to your *supply address* may be subject to quality or pressure variations or deficiencies.

12.4 Supply interruptions may occur

The quality, continuity, reliability and pressure of your gas supply is subject to a variety of factors, including accidents, emergencies, weather conditions, vandalism, system demand, the technical limitations of the *distribution system* and acts of other persons (including your *distributor*). Accordingly, the supply of gas to your *supply address* may be interrupted. Examples of when supply may be interrupted include:

- (a) where required by your *distributor* or another person;
- (b) where there is insufficient gas or system capacity to meet the needs of all customers;
- (c) for inspection, repairs, testing, maintenance or other works; or
- (d) in an emergency or for safety reasons.

12.5 Keeping one another informed about supply interruptions

- (a) We will try to inform you about supply interruptions, and we'll follow any notice requirements set out in the *relevant regulations*.

- (b) If you let us know that your supply has been interrupted, we'll tell your *distributor*.

13 DISCONNECTION

13.1 When you could be disconnected

We may arrange for your gas to be disconnected in the following circumstances, unless we're prohibited from doing so under the *relevant regulations* or we say we won't in clause 13.3:

- (a) if you ask us to;
- (b) if you fail to pay *charges* or other amounts on your bill relating to the supply of gas by the due date;

- (d) if you haven't paid in accordance with an agreed payment plan for *charges* or other amounts relating to the supply of gas;
- (e) if your *supply address* couldn't be accessed to read the *meter* for the purposes of issuing three consecutive bills and:
 - (i) we've given you an opportunity to offer reasonable alternative access arrangements;

 - (iii) we've given you at least 5 *business days'* notice of our intention to arrange for you to be disconnected;
- (f) in the case of an emergency, in which case we, or your *distributor*, will provide, by way of a 24 hour emergency line, information on the nature of the emergency and an estimate of the time when supply will be restored and use best endeavours to arrange for reconnection as soon as possible;
- (g) for health and safety reasons, but only if (except in an emergency or where there is a need to reduce the risk of fire or where the

relevant regulations require it) we have:

- (i) notified you of the reason for the disconnection;
 - (ii) given you 5 *business days* to fix the reason for the disconnection (if you are able to do so); and

- (h) for the purposes of planned maintenance on, or augmentation to, the *distribution system*, in which case we, or your *distributor*, will use best endeavours to:
- (i) give you at least 4 days' notice of the intention to disconnect;

13.2 What we'll do before we disconnect you

- (a) If you have failed to pay your bill, including if you haven't agreed to an offer of an instalment plan or other payment option, or you haven't paid in accordance with such a plan or option (see clauses 13.1(b) to (d) above), then before we disconnect you, we will:
- (i) use our best endeavours to contact you personally;
 - (ii) give you a written reminder notice not less than 14 *business days* after the date on which the bill was issued, advising you that payment is overdue and requiring you to pay by a date specified in the notice

- (which will be at least 20 *business days* after the date the bill was issued);
- (iii) if payment is not made by the date specified in the reminder notice, give you a written disconnection warning not less than 22 *business days* after the date the bill was issued, advising you that you will be disconnected unless you pay by the day specified in the disconnection warning (which will be at least 10 *business days* after the date of the disconnection warning);
 - (iv) if you are a *residential customer*, offer you an instalment plan or other payment option such as an extension of time to pay (if we haven't already done so) and give you information about government concessions (and give you at least 5 *business days* to accept that offer); and
 - (v) if you are a business customer, offer you an extension of time to pay (and give you at least 5 *business days* to accept that offer);

we will not disconnect you if:

- (f) you have provided us with a written statement from a medical practitioner (registered under the Health Practitioner Regulation National Law (WA) Act 2010) stating that supply is
