Alinta Energy Transmission (Chichester) Pty Ltd Decision to grant Electricity Integrated Regional Licence No. 10

The Economic Regulation Authority has granted Electricity Integrated Regional Licence No. 10 (EIRL10) to Alinta Energy Transmission (Chichester) Pty Ltd to construct, own and operate 65 km of 220 kV transmission line.

The transmission line will connect the Roy Hill mine to Fortescue Metals Group's iron ore mines at Christmas Creek and Cloudbreak in the Pilbara region of Western Australia.

The transmission line will supply electricity generated by Newman power station to Fortescue's mines via the existing transmission line connecting Newman to Roy Hill.¹

The ERA's [decision](#) and [EIRL10](#) are available on the ERA website
