Amended proposed access arrangement information

16 November 2018

## Access Arrangement Information Document Index

As per the *Electricity Networks Access Code 2004 Guidelines for Access Arrangement Information* (6 December 2010), the access arrangement submission requires a document index.

...the service provider must provide the Authority with a “document index” that identifies the following information for each document or group of documents.

- Document title and, if applicable, document reference number/identifier
- Date of issue/publication
- A summary of the document’s purpose and relevance (that is, the specific reason as to why the document has been provided)
- Page references to specific information of relevance within the document.
