## Review of Western Power's Model Service Level Agreement

### Time extended for publication of draft findings

The Economic Regulation Authority has extended the deadline to [publish its draft findings on Western Power's model service level agreement](#) to Friday 28 June 2019.

Western Power is currently updating its proposed model service level agreement to reflect the approved network [access arrangement](#). A public consultation on the updated proposal will be undertaken prior to the ERA publishing its draft findings.

This extension is made under section 6.13(2) of the *Electricity Industry (Metering) Code 2012*.
