2018 review of the Gas Marketing Code of Conduct Consultation on ERA proposed amendments

The Gas Marketing Code Consultative Committee (GMCCC) seeks public comment on the amendments proposed by the Economic Regulation Authority to the *Gas Marketing Code of Conduct*.

In April 2019, the GMCCC submitted its [Final Review Report](#) on the 2018 statutory review of the Code to the ERA. The Final Review Report made five recommendations for amendments to the Code.

Following its consideration of the GMCCC's Final Review Report, the ERA has accepted all five recommendations made by the GMCCC and proposes to amend the Code accordingly. The ERA has proposed three additional amendments to the Code in its Draft Decision.

The *Energy Coordination Act 1994* requires that the ERA consult with the GMCCC prior to amending the Code. The Act also requires that the committee give any interested person an opportunity to comment before providing its advice to the ERA.

The GMCCC now invites written submissions on the ERA's proposed Code amendments as set out in the ERA's [Draft Decision](#).
