1. Please provide your views on the proposal, including any objections or suggested revisions.

Western Power is supportive of the changes regarding the documentation of Meter Data Submission requirements under the Wholesale Electricity Market (**WEM**) Rules, as proposed by the Administration Improvements to Settlement Rule Change Proposal. Western Power is of the view that the Meter Data Submission requirements set out under clauses 8.4.3, 8.4.4 and 8.4.5 of the WEM Rules are operational in nature and should be set out in the Market Procedure: Meter Data Submissions. Therefore, Western Power agrees with the amendment of clause 8.6.2 of the WEM Rules and the deletion of clauses 8.4.3, 8.4.4 and 8.4.5 of the WEM Rules.

Please note that Western Power's submission is limited to the proposed changes to the Meter Data Submission process under the WEM Rules.

2. Please provide an assessment whether the change will better facilitate the achievement of the Wholesale Market Objectives.

Although the proposed changes are administrative in nature, Western Power considers that the changes would improve the integrity of the WEM Rules and hence, better facilitate the achievement of the Market Objectives.

-
- 3. Please indicate if the proposed change will have any implications for your organisation (for example changes to your IT or business systems) and any costs involved in implementing these changes.**

Western Power is of the view that the proposed change will not have any implications to its IT and business systems.

-
- 4. Please indicate the time required for your organisation to implement the change, should it be accepted as proposed.**

Not applicable.
