Wholesale Electricity Market and Gas Service Information Rules

Report on the Australian Energy Market Operator's compliance for 2018/19

The Economic Regulation Authority is required to provide an annual report to the Minister for Energy on the Australian Energy Market Operator's (AEMO) compliance with the wholesale Electricity Market and Gas Services Information Rules.

The ERA provided its 2018/19 report to the Minister for Energy on 3 February 2020.

The report includes the audit reports of AEMO's compliance and includes details of investigations carried out by the ERA in 2018/19. Most of the matters investigated by the ERA were matters of technical compliance with no material consequences or risks.

The audits confirm that AEMO has practiced proactive compliance risk management during the audit period. This corresponded with a significant reduction in AEMO's compliance risks in 2018/19.

The report and AEMO's response are available on the [ERA's Website](#).
