### **Draft Findings on Western Power's Model Service Level Agreement**

Alinta Energy recognises and appreciates the ERA's thorough review of the proposed reforms to Western Power's MSLA and its incorporation of Alinta Energy's feedback, as demonstrated by the draft findings. Alinta Energy supports the ERA's findings on the issues it raised in its previous submission.

However, on the proposed amendments to the "Invoices" section at 5.1 of the MSLA, Alinta Energy suggests the following addition:

- a) The amounts payable for each service provided under this Agreement for the Accounting Period, including a reference to the ID listed in Table 5 and whether the charge refers to a metro or country charge if applicable;

Alinta Energy considers that customers require this information to be certain of the services and tariffs for which they are paying.

Thank you for your consideration of Alinta Energy's submission. If you would like to discuss this in more detail, please contact me at [oscar.carlberg@alintaenergy.com.au](mailto:oscar.carlberg@alintaenergy.com.au) or on .

Yours sincerely,

**Oscar Carlberg**
