## Report to the Minister on the Economic Regulation Authority's compliance

The Economic Regulation Authority is responsible for monitoring market participants' compliance with the Wholesale Electricity Market Rules.

As part of these responsibilities, the ERA is required to provide an annual report to the Minister for Energy on its own compliance with the Market Rules.

The ERA engaged an independent auditor to assess its compliance for 2019/20.

The auditor confirmed the ERA's compliance with the Market Rules, except for two minor non-compliances. Both non-compliances concerned notification requirements under the Market Rules and Market Procedures. The auditor concluded that no adverse consequences arose from these two non-compliance matters. The auditor did not make any recommendations.

The 2019/20 report is available on the [ERA website](#).
