1. SUPPLY OF ELECTRICITY

We will sell electricity to *you* at the *premises* in accordance with these terms and conditions. These terms and conditions apply to the sale of electricity to all customers who pay the *standard price* for electricity.

2. CODE OF CONDUCT

2.1 The *Code of Conduct* regulates the conduct of electricity retailers, network operators and electricity marketing agents. The *Code of Conduct* is designed to protect the interests of residential and small business users.

2.2 Matters covered by the *Code of Conduct* include electricity marketing, billing, connection, *payment difficulties* and financial hardship, disconnection, reconnection, *pre-payment meters* in remote communities, information and communication, dispute resolution, record keeping and compensation payments to customers for breaches of the *Code of Conduct*.

2.3 If *you* are a customer who consumes not more than 160 megawatt hours of electricity per annum, we will supply electricity to *you* under this *contract* in compliance with the *Code of Conduct*. Accordingly, where these terms and conditions deal with a subject matter that is covered by the *Code of Conduct*, then we will act consistently with the relevant provisions of the *Code of Conduct*.

2.4 *You* can obtain more information about the *Code of Conduct* from *us* or the Economic Regulation Authority.

3. WHEN THE CONTRACT STARTS

If *you* have requested *us* to supply electricity, the *contract* begins on the date that *you* accept *our* offer to supply electricity to *you*. Otherwise, the *contract* begins at any earlier time when electricity is deemed by law to be supplied to *you* under this *contract*.

4. CHARGES AND REBATES

4.1 Standard price

You must pay to *us* the *standard price* that applies to *you*.

4.2 What are standard prices?

(a) There are two main types of *standard prices* available: residential prices and non-residential prices.

(b) In addition, there are also different types of residential and non-residential prices. Some examples of these are the Tariff A2 residential price, the business price, community service price and the charitable accommodation price.

- (c) Whether a particular *standard price* applies to *you* will depend on *you* meeting the eligibility conditions for that *standard price*.
- (d) For an explanation of the *standard prices* available and the eligibility conditions applying to those *standard prices*, please visit *our* website or call *us*.
- (e) *We* have the right to unilaterally change the *standard prices* at any time. If *we* change the *standard prices*, *we* will notify *you* of the changes in the *standard prices* by no later than *your* next bill. *You* have the right to terminate this contract should *you* disagree with these *standard price* changes.

4.3 Which standard price do you pay?

- (a) *Your* bill will show which *standard price* *you* are paying. Please advise *us* if *you* wish to choose a different *standard price* from the price appearing on *your* bill. If *you* meet the relevant eligibility conditions, *we* will change the *standard price* that applies to *you* to the *standard price* of *your* choice.
- (b) The new *standard price* will be effective from the date that *your* meter was last read, unless otherwise agreed between *you* and *us*. In some cases, *we* may need to adjust the meter at *your* premises in order to provide *you* a different *standard price*. In that case, the new *standard price* will be effective when *your* meter is adjusted. Please note that there may be a separate charge for meter adjustments. For an explanation of these charges please visit *our* website or call *us*.

4.4 Eligibility conditions on standard price

- (a) *You* must advise *us* as soon as possible if *you* no longer meet the eligibility conditions applying to the *standard price* that *you* currently pay.
- (b) If *we* discover that *you* are no longer eligible to receive the price that *you* currently pay, including because the premises are changed pursuant to clause 21.8, then *we* can charge *you* a new *standard price* instead of the price that *you* currently pay, provided that *we* first advise *you* in writing of the new *standard price*.
- (c) If *you* have been undercharged for *your* electricity supply because *you* were being charged at a *standard price* that *you* were not eligible to receive, then *we* can require *you* to pay to *us* the amount that *you* have underpaid for a period of up to 12 months prior to the date that *we* advise *you* of the new *standard price*.

4.5 Rebates

If *you* are eligible for a *rebate* and *you* apply to *us*, *we* will provide that *rebate*

to *you*. *You* can contact *us* if *you* have any queries about any *rebates*.

4.6 Eligibility conditions on rebates

If *you* are no longer eligible for a *rebate*, *you* must advise *us* as soon as possible. If *we* discover that *you* are no longer eligible for a *rebate*, then *we* will advise *you* in writing that *you* will not be receiving any further *rebates*. *We* can also require *you* to pay to *us* the amount that *you* have underpaid for a period of up to 12 months prior to the date that *we* advise *you* that *you* will not receive the *rebate*.

4.7 Adjustment for change in law

- (a) To the extent permitted by law, if a *change in law* occurs *we* may adjust the *standard price* applicable under the *contract* or introduce a new *standard price* to the extent necessary to place *us* in the position *we* would have been in under the *contract* had it not been for the *change in law*. *You* have the right to terminate this contract should *you* disagree with these *standard price* changes.
- (b) This clause 4.7 does not limit or prejudice in any way other rights *we* have from time to time to adjust the *standard price* applicable under the *contract*.

4.8 Set off

- (a) *We* may set off any amount that *you* owe to *us* under this *contract* against any amount payable by *us* to *you* under this *contract* or otherwise.
- (b) Nothing in this *contract* limits *our* ability at law to set off any amount owing to *us* under this *contract* against any amount payable by *us* to *you* under another contract *you* may have with *us*, or set off any amount payable by *us* to *you* under this *contract* against any amount owing to *us* under another contract *you* may have with *us*.

5. HOW WE WILL CALCULATE YOUR ELECTRICITY USE

5.1 Meter reading

- (a) If *we* provide *you* with a bill based on estimates because *you* failed to provide access to the *meter* and *you* later request *us* to replace *your* estimated bill with a bill based on an actual reading of *your meter*, *we* will use *our* best endeavours to do so if *you*:
 - (i) pay *our* reasonable charge for reading the *meter*; and
 - (ii) provide due access to the *meter*.
- (b) *We* use *meter* readings to prepare *your* bill. *We* will use *our* best

endeavours to ensure that *we* read the *meter* once every *billing cycle*. However, *you* can agree to read the *meter* yourself and provide *us* with the *meter* readings. In that case, *we* will bill *you* on the basis of *your meter* readings.

- (c) In any event, *we* will ensure that *we* read the *meter* at *your premises* at least once every 12 months.
- (d) If *we* cannot reasonably base a bill on *our* reading of the *meter*, then *we* will provide *you* with an estimated bill based on:
 - (i) *your* reading of the *meter*; or
 - (ii) *your* prior billing history; or
 - (iii) if *we* do not have *your* prior billing history, the average usage of electricity by those customers who *we* consider are in a comparable position to *you* (generally by location or usage pattern).
- (e) If *we* have provided *you* with an estimated bill and *we* subsequently obtain a *meter* reading, then *your* next bill will be adjusted to take account of that *meter* reading.

5.2 You can request a meter test

- (a) *You* can ask *us* to test the *meter* to ensure that it is measuring accurately and *we* will arrange to test the *meter* if *you* first pay to *us* a meter testing fee. If *we* find that the *meter* is not measuring accurately, then *we* will refund the meter testing fee to *you*.
- (b) If the *meter* is not measuring accurately, *we* will also arrange to either repair or replace the *meter* at no charge to *you*, provided *you* have complied with clause 8.3 of this *contract*.
- (c) By "accurate", *we* mean the *meter* is measuring as accurately as the law requires.

6. BILLS

6.1 When we will bill you

We will bill *you* in accordance with the *billing cycle* that *we* set for *our* customers from time to time. As an indication, *our billing cycle* is no more than once every one month and no less than once every three months.

6.2 Paying your bill

- (a) *You* must pay the total amount payable for each bill by the due date specified in that bill. The due date will be at least 12 *business days* from the date of the bill.

- (b) *We must accept your request to make a payment in advance in accordance with the Code of Conduct, however we will not be required to credit any interest to the amount paid in advance.*
- (c) *You can find out the range of payment options that you can choose from by referring to your bill, by visiting our website or by calling our customer service centre.*

6.3 If you are having trouble paying

- (a) *If you are having trouble paying your bills, please advise us. We will assess your request within three business days of your request. If you are a residential customer and we assess that you are having payment difficulties or experiencing financial hardship, we will:*
 - (i) *offer you additional time to pay; and/or*
 - (ii) *offer you an interest-free and fee-free instalment plan option; and/or*
 - (iii) *allow you to redirect your bill to a third person at no charge; and/or*
 - (iv) *provide you with information about concessions and government assistance programs; and/or*
 - (v) *provide you with information about independent financial counselling services and other relevant consumer representative organisations available to you.*
- (b) *If you are a business customer and you are experiencing payment difficulties, we will consider any reasonable request for alternative payment arrangements.*
- (c) *If you owe us money, you may request that we transfer the debt to another customer and we may transfer the debt to that person provided we first obtain that person's verifiable consent in accordance with the Code of Conduct.*

6.4 If you do not pay your bill

- (a) *If you do not pay the total amount payable for any bill by the due date, then we can:*
 - (i) *send a disconnection warning to you; and*
 - (ii) *subject to complying with clause 5.6 of the Code of Conduct, charge you a fee for each overdue account notice we send to you; and*
 - (iii) *charge you interest on the amount you have not paid; and*

- (iv) disconnect *your* electricity supply; and
 - (v) shorten your billing cycle.
- (b) If *you* do not pay the total amount payable for any bill after we send a *disconnection warning* to *you*, then we can refer *your* debt to a debt collection agency for collection and if we do so, *you* must pay any costs that we incur in connection with the recovery of the unpaid bill (including the agency's fees and legal fees) and we may recover *your* debt in any court of competent jurisdiction as a debt due and payable to *us*.
- (c) If *you* pay a bill and the payment is dishonoured or reversed and, as a result, we have to pay fees to any other person, *you* must reimburse *us* for those fees.

6.5 Overdue accounts

- (a) If *your* account remains overdue for more than 60 days, we may give information about *you* to a credit reporting agency. This information will allow the credit reporting agency to create or maintain a credit information file containing information about *you*. The information that we disclose about *you* to a credit reporting agency may include any of the following:
- (i) identification information including *your* name, sex, address (and previous two addresses), date of birth, name of employer and drivers licence number; and
 - (ii) amounts, over \$200 that are overdue by more than 60 days and for which debt collection action has started; and
 - (iii) advice that *your* payments are no longer overdue in respect of any default that has been listed; and
 - (iv) information that, in *our* opinion, *you* have committed a serious credit infringement (that is, acted fraudulently or shown an intention not to comply with your credit obligations); and
 - (v) dishonoured cheques - cheques drawn by *you* for \$150 or more which have been dishonoured more than once.
- (b) This information may be given before, during or after the supply of services to *you* and this clause survives termination of this *contract* for any reason.

6.6 Billing data

- (a) If *you* consume less than 160 MWh of electricity per annum, we will give *you your* billing data for the *premises* upon request. This information will be free of charge:
 - (i) for the first two requests that *you* make in a year if the data requested is for a period less than the last two years, or
 - (ii) if *you* request the billing data in relation to a dispute with *us*.

7. REVIEWING YOUR BILL

7.1 Reviewing a bill

- (a) If *you* have a query about *your* bill and *you* ask *us* to review the bill, then we will review it.
- (b) In the meantime, *you* must pay to *us* the balance of the bill that is not being queried or an amount equal to the average amount of *your* bills over the previous 12 months (excluding the bill that *you* are querying), whichever is less. If *you* have any other bills that are due, then *you* must also pay those bills by the due dates.
- (c) If we review *your* bill, we will inform *you* of the outcome of the review as soon as we can and no later than 20 *business days* from the date we are deemed to receive *your* request for *us* to review *your* bill.
- (d) If we are satisfied the bill is correct, we:
 - (i) may require *you* to pay the unpaid amount; and
 - (ii) will advise *you* that *you* can ask *us* to arrange a *meter* test; and
 - (iii) will advise *you* of *our customer complaints policy* and any external complaints handling processes.
- (e) If we are satisfied the bill is incorrect, we will adjust the bill for any undercharging or overcharging (clause 7.2 explains how we do this).

7.2 Undercharging and overcharging

- (a) If we undercharge *you* due to an act or omission by *us* (including where the meter has been found to be defective), we can require *you* to make a correcting payment and we will offer *you* the option to pay the correcting payment by instalments. In any event:
 - (i) we will only require *you* to make a correcting payment for amounts undercharged in the 12 months prior to the date that we advise *you* that *you* have been undercharged; and
 - (ii) we will list the correcting payment separately in *your* bill,

together with an explanation of that amount; and

- (iii) we will not charge *you* interest on the correcting payment or require *you* to pay a late fee.
- (b) If we overcharge *you* due to an act or omission by *us* (including where the *meter* has been found to be defective), then:
- (i) we will use *our* best endeavours to tell *you* that we have overcharged *you* within 10 *business days* of becoming aware; and
 - (ii) we will credit the amount to *your* account or *you* have the option of having the amount repaid to *you*, unless the amount is less than \$100, in which case we will credit it to *your* account; and
 - (iii) we will not pay *you* interest on the amount we overcharged *you*; and
 - (iv) the 12 month limit referred to in clause 7.2(a)(i) does not apply to amounts that we have overcharged *you*.
- (c) If we overcharge *you* and *you* owe us a debt, we may after providing written notice to *you*, use the amount *you* have been overcharged to set off the debt *you* owe *us*, in accordance with clause 4.8 of this *contract*, provided that *you* are not experiencing payment difficulties or financial hardship. If, after the set off, there remains an amount of credit to *you*, we will deal with it in accordance with clause 7.2 (b).

8. ELECTRICITY SUPPLY EQUIPMENT AND YOUR EQUIPMENT

8.1 Electricity supply equipment

- (a) The electricity supply equipment remains our property at all times and we are responsible for installing and maintaining the *electricity supply equipment*.
- (b) *You* must not do anything that will damage, bypass or interfere with the *electricity supply equipment* or use electricity in a way that damages, bypasses or interferes with that equipment.
- (c) *You* must ensure, and take all necessary actions to ensure, that any other person does not do anything that will damage, bypass or interfere with the *electricity supply equipment* or use electricity in a way that interferes, damages or bypasses that *electricity supply equipment*.
- (d) "Electricity supply equipment" means the *meter* and all wiring, apparatus or other works which are located up to the point that the

meter is attached to the *premises* and which are used for, or in connection with, the supply of electricity by *us* or, if there is no *meter* attached to the *premises*, down from the connection point on the *premises* which is used by *us* in connection with, the supply of electricity.

8.2 Your equipment

- (a) *You* are responsible for keeping *your equipment* in good working order and condition.
- (b) If *embedded generation* is, or is to be, installed at the *premises*, *you* must comply, and must ensure that *your equipment* complies, with the *technical requirements*.
- (c) "Your equipment" means all wiring and other equipment located at the *premises* which are used to take supply of, store, generate or consume electricity except any *electricity supply equipment*.

8.3 Prohibited activity

- (a) *You* must not:
 - (i) tamper with, bypass, circumvent or otherwise interfere with the *electricity supply equipment*, or do anything that will prevent *us* from accessing the *electricity supply equipment*, or allow anyone else to do so; or
 - (ii) use, or permit anyone else to use, electricity in a way that interferes with the supply of electricity to anyone else or causes loss to anyone else; or
 - (iii) transfer electricity in the into the electricity network operated by *us* or allow anyone else to do so without *our* prior written consent.
- (b) *You* must immediately notify *us* on becoming aware of any behavior or circumstance which is suspected to, or may reasonably be expected, to contravene 8.3(a) of this *contract*.
- (c) In the event *you* or someone else tampers with, bypasses, circumvents or otherwise interferes with the *electricity supply equipment* then *you* will be responsible for any loss to *us*.

9. MOVING PREMISES

9.1 New electricity connection

If *you* move into the *premises*, or the *premises* is changed pursuant to clause 21.8 of this *contract*, and it does not already have an existing electricity connection, then *we* will sell *you* electricity from the day that *we* connect

the *premises* to the network and energises the *premises*.

9.2 Existing electricity connection

- (a) If *you* move into the *premises* or the *premises* is changed pursuant to clause 21.8 of this *contract*, and it has an existing electricity connection, then *we* will charge *you* for electricity supplied to the *premises* from the date that the *meter* at the *premises* was last read, unless *you* read the *meter* and advise *us* of the *meter* reading within three *business days* of the day that *you* move in.
- (b) If a final *meter* reading was not taken, *we* will estimate the amount of electricity used by the previous occupant, so *we* do not overcharge or undercharge *you*.

9.3 Moving out of the premises

- (a) If *you* move out of the *premises* and no longer wish to obtain an electricity supply at the *premises*, *you* must advise *us*:
 - (i) at least five days before *you* move out; and
 - (ii) of an address where the final bill can be sent.
- (b) If *you* advise *us* as described in clause 9.3 (a), and *you* move out of the *premises* at the time specified in *your* notice, then *we* will make a final meter reading on the day that *you* move out of the *premises* and issue a final bill to *you*. In that case, *you* are only required to pay for electricity used up to the day *you* move out of the *premises*.
- (c) If *you* have demonstrated to *us* that *you* were evicted from the *premises* or were otherwise required to vacate the *premises* and *you* consume not more than 160 MWh of electricity per annum, *we* will not require *you* to pay for electricity consumed at the *premises* from the date that *you* advise *us* of the following:
 - (i) the date that *you* vacated or intend to vacate the *premises*; and
 - (ii) a forwarding address to which a final bill may be sent.
- (d) If *you* do not advise *us* as described in clause 9.3(a), then subject to any applicable laws, *we* may require *you* to pay for electricity used at the *premises* for up to a maximum of 5 days after *you* notify *us* that *you* have moved out of the *premises*.
- (e) If *your* final bill is in credit after *you* have paid *us* all amounts payable under clause 9.3(b) or (c), and *you* validly terminate this *contract*, then *you* can choose to have *us* credit this amount to *any* new account *you* establish with *us* or repay the amount to *you*.

10. ACCESS TO THE PREMISES

- (a) You must let *us*, or persons nominated by *us* have safe and unrestricted access to the *premises* when we need it:
- (i) to read the *meter*; or
 - (ii) to inspect or work on the *electricity supply equipment*; or
 - (iii) to disconnect *your* electricity supply; or
 - (iv) to inspect or work on *your equipment*; or
 - (v) for any other reason relating to the supply of electricity to the *premises*.
- (b) We will give *you* at least five *business days'* notice before we enter the *premises* unless:
- (i) we want to inspect, read or examine the *meter* or any of the *electricity supply equipment* or *your equipment*; or
 - (ii) in an *emergency*; or
 - (iii) if we reasonably suspect that electricity is being used illegally at the *premises*;
 - (iv) we consider, acting reasonably, that access to *your premises* is required earlier than would be the case if we gave five *business days'* notice in order for *us* to prudently perform any of *our* functions in relation to the supply of energy to *you*,
- in which case, we may enter the *premises* without notice.
- (c) We may enter *your premises* for the above reasons and in that case, we are required to give *you* the appropriate notice where required.
- (d) A person entering the *premises* on *our* behalf will clearly display identification that identifies the person as *our* employee or agent and show his or her identification to *you* if *you* ask to see it.
- (e) If *you* do not provide safe and unrestricted access to the *premises* for the purposes of a *meter* reading by *us*, we may request *you* to read the *meter* and provide the *meter* reading to *us*. If we make this request then *you* must read the *meter* and provide the *meter* reading to *us* within the timeframe specified in *our* request. No such request prejudices any rights we may have under this *contract*.

11. PERSONS DEPENDENT ON LIFE SUPPORT EQUIPMENT

11.1 Eligibility conditions on life support

- (a) *You must advise us if you or a person residing at the premises is dependent on life support equipment and give us written confirmation from an appropriately qualified medical practitioner that the person requires life support equipment.*
- (b) *You must advise us as soon as possible if you or a person residing at the premises who is dependent on life support equipment vacates the premises or no longer requires life support equipment.*

11.2 Interruptions

- (a) *If you have advised us (or we are otherwise aware) that you or a person residing at the premises is dependent on life support equipment, then we will give you at least three business days' notice in writing or by electronic means of the interruption before we disconnect or interrupt electricity supply at the premises. However, in an emergency, we can interrupt your electricity supply without giving you prior notice.*
- (b) *It is therefore very important that you make suitable alternative arrangements (for example, a back-up supply or alternative power source) to address the needs of any person residing at the premises who is dependent on life support equipment.*

11.3 Disconnections

If you have advised us (or we are otherwise aware) that you or a person residing at the premises is dependent on life support equipment, then, consistent with the Code of Conduct (where applicable to you), we cannot disconnect your electricity supply because you fail to pay us a bill by the due date, while the person dependent on life support equipment continues to reside at the premises.

12. INTERRUPTIONS TO YOUR ELECTRICITY SUPPLY

12.1 Emergency

- (a) *We can interrupt or disconnect your electricity supply at any time without notice to you in an emergency, if we are permitted or required by law. We will:*
 - (i) *use our best endeavours to turn your electricity on again as soon as possible; and*
 - (ii) *provide information about the nature of the emergency and an estimate of the time supply will be restored by way of a 24-hour emergency line.*
- (b) *If we disconnect your electricity supply because you cause that*

emergency, then we will reconnect *your* electricity supply when *you* ask *us* to do so and we are satisfied that the *emergency* no longer exists. In that case, we can also charge *you* a fee for reconnecting *your* electricity supply.

12.2 Planned work on distribution system

We can interrupt or disconnect *your* electricity supply at any time if we need to carry out planned work on a *distribution system*. We will advise *you* at least 72 hours before the start of an interruption if we need to carry out planned work. *You* agree that we can communicate such advice to *you* by *electronic means*.

12.3 Events beyond your control
