Dear Mr Williams

Exemption Application – Lake Way Gas Pipeline (PL 125)

Your application for an exemption under Part 23 of the *National Gas Rules*, as applied in Western Australia, for the Lake Way Gas Pipeline (PL 125) has been assessed by the Economic Regulation Authority (ERA).

The ERA has decided to grant a Category 2 (exemption from the obligation to publish information under Division 2) exemption for the Lake Way Gas Pipeline. The exemption is valid from 15 July 2021 for five years and expires on 15 July 2026.

This exemption may be varied or revoked at any time, in accordance with provisions in the *National Gas Rules* as applied in Western Australia.

As required under Rule 585(8) of the *National Gas Rules (WA)*, please notify the ERA without delay if circumstances change such that the pipeline no longer qualifies for the exemption granted.

The Lake Way Gas Pipeline must still comply with all other provisions in the *National Gas Rules (WA)* not covered by this exemption.

The ERA must establish, publish, and maintain a register of exemptions. Your application will be published on the ERA's [website](#).

Please contact Tyson Self on 08 6557 7900 if you have any questions on this matter.

Yours sincerely

[REDACTED]

NICOLA CUSWORTH
