Pilbara Networks Access Code

Invitation to register for ERA notices

The Economic Regulation Authority invites stakeholders to register to receive notices published by the ERA under the new Pilbara Networks Access Code.

The Pilbara Networks Access Code commenced on 1 July 2021. The Code sets out the light regulation regime that governs third-party access to covered networks in the Pilbara region, which currently extends to the Alinta Energy Port Hedland and Horizon Power coastal networks.

Under the Code, the ERA has responsibilities to:

- Determine the initial cost of capital for the Alinta Energy Port Hedland and Horizon coastal networks.
- Administer the pool of arbitrators and the arbitration scheme.
- Approve ring-fencing arrangements.

Stakeholders are invited to register for Pilbara Networks Access Code notices by completing the subscription request and selecting Pilbara Networks Access Code Notices at the link below:
