25 February 2022

Australian Energy Market Operator allowable revenue and forecast capital expenditure 2022/23 to 2024/25

Publication of additional documents

The Economic Regulation Authority has published additional documents relevant to its review of the Australian Energy Market Operator's (AEMO) funding for the period 1 July 2022 to 30 June 2025.

The ERA received AEMO's funding [proposal](#) on 17 December 2021, and published an [issues paper](#) for consultation on 8 February 2022.

The proposed funding is for AEMO to manage Western Australia's energy transition, implement reforms and deliver new market and power system operation functions efficiently, as well as to conduct its usual activities operating the wholesale electricity and gas markets.

AEMO has provided the following additional documents in support of its proposal that it has asked the ERA to publish:

- AEMO Western Australian IT roadmap
- Western Australian labour supporting document.

The ERA considers that the additional information may assist interested parties in responding to the issues paper.

The submission period for the issues paper closes on 4:00 pm (WST) Monday, 7 March 2022.

The additional documents are available on the [ERA website](#).
