Western Power's fifth access arrangement review

Public forum this Friday

The Economic Regulation Authority will host an online public forum on Western Power's proposed access arrangement revisions this Friday, 25 March 2022, at 10:00am.

The purpose of the forum is to help interested parties understand Western Power's proposal, the ERA's process for considering the proposal, and the key issues for stakeholder feedback.

The forum will include presentations from Western Power and the ERA, and discussion of:

- outages and network reliability
- tariff changes
- climate change challenges for the network
- customer service standards
- expenditure to maintain and improve the network.

An access arrangement sets the terms and conditions, including prices, for access to Western Power's network, which covers the south-west of Western Australia.

To register to attend, please email info@erawa.com.au by Wednesday, 23 March 2022.
