FRWF Stage 1 Pty Ltd

Consultation on electricity generation licence application

The Economic Regulation Authority is seeking public comment on FRWF Stage 1 Pty Ltd's application for an electricity generation licence.

FRWF intends to construct and operate the 75.6 megawatt Flat Rocks Wind Farm in the shires of Kojonup and Broomehill-Tambellup in the Great Southern region. The wind farm will be connected to the South West Interconnected System.

A summary of the [licence application](#) is available on the ERA website.

The grant of the licence is subject to the ERA being satisfied that it would not be contrary to the public to do so and that the applicant:

- has, and is likely to retain;
or
- will acquire within reasonable time after the grant, and is then likely to retain,
the financial and technical resources to undertake the activities authorised by the licence.

When making its decision, the ERA must also have regard to the matters set out in section 26 of the *Economic Regulation Authority Act 2003*, which include promoting regulatory outcomes in the public interest, the long-term interests of consumers and encouraging investment in relevant markets.

Invitation for submissions

The ERA invites interested parties to make submissions on the licence application.

Submissions close 4:00 pm (WST) on 30 May 2022.

Submissions should be lodged online using the form on our website www.erawa.com.au/consultation.
