Dear Mr Theseira

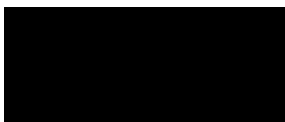

MINIMUM STEM PRICE REVIEW 2022 – DRAFT DETERMINATION

Synergy welcomes the opportunity to provide comments on the Economic Regulation Authority's (**ERA**) draft determination in its 2022 review of the Minimum STEM price (**MSP**).

Synergy wishes to thank the ERA for publishing its draft determination, and for considering Synergy's feedback submitted on 8 March 2022. Per the ERA's draft determination and analysis in the same, Synergy understands the ERA's decision not to amend the MSP. Nonetheless, Synergy's views and concerns regarding the MSP remain consistent with its March 2022 submission.

Should the ERA require additional information regarding Synergy's comments, please contact Genevieve Teo via genevieve.teo@synergy.net.au.

Yours sincerely

ANDREW EVERETT
